

## **The Aga Khan Hospital, Dar es Salaam**

### **The Pavilion**

The Pavilion offers a nurturing medical environment intended as a “healing get-away” for patients and their families.

The striking local arts and calming interior tones and its sea view provide the sick with a serene and peaceful and relaxing environment. Both modern and sophisticated, the new phase of our Aga Khan Hospital is an impressive architectural compliment as Tanzania’s most exceptional Inpatient Accommodation with a further attempt to soothe and heal through the creation of a compassionate environment.

The Pavilion offers luxury rooms with a spectacular view, filled with natural light and amenities make the experience as pleasant as possible for the patient and family. It is equipped with advanced technology across its clinical and support service structures.

The Pavilion, supported by a highly skilled and competent team of health care professionals, is available 24/7 to take care of the varying needs of the patient's family members and caregivers. It also offers specialized Executive Clinics, which caters to fast-track Laboratory and Pharmacy services. Patients admitted in The Pavilion have the facility to express check-in and check-out facility within the ward.
